Education

The London School of Economics and Political Science (LSE)

Aug. 2024 - Aug. 2025

MSc in Econometrics and Mathematical Economics

London, United Kingdom

- Selected graduate coursework: Contracts and Organisations (85/100, Distinction)

National Chengchi University (NCCU)

Sep. 2018 - Jan. 2023

B.S. in Statistics, B.A. in Economics

Taipei, Taiwan

- Certificate of Completion, Mathematical Finance Program
- GPA: **4.20/4.30 (top 5%)**
- Selected quantitative coursework: Advanced Calculus (proof-based real analysis), Real Analysis (measure theory and Lebesgue integration), Probability Theory, Linear Algebra, Differential Equations, Econometrics, Game Theory.

Honors & Awards

4× **Academic Excellence Award**, Awarded for ranking in the top 5% of the cohort

NCCU

Research Experience

Decision-Making Autonomy and Emotional Outcomes

Jun. 2023 - Aug. 2024

Research Assistant, National Taiwan University; advised by Prof. Chen-Ying Huang

Taipei, Taiwan

- Led the design and implementation of a behavioral economics study examining how decision-making autonomy affects emotional outcomes; managed participant recruitment and data collection
- Independently developed a Python-based graphical tool for data processing and analysis, reducing processing time from two days to three hours
- Conducted literature reviews, developed experimental materials, and prepared research presentations for the research team

Publication Database for Taiwan-Affiliated Scholars in Economics

Jun. 2023 - Aug. 2024

Research Assistant, National Taiwan University; advised by Prof. Chen-Ying Huang

Taipei, Taiwan

- Led a research team in building a publication database covering more than 30 economics and finance journals across multiple publisher platforms; developed journal-specific Python data-collection pipelines and operating instructions
- Built cross-platform workflows using Selenium, BeautifulSoup, pandas, and Crossref APIs to extract and standardize author, affiliation, title, journal, publication-date, volume, and URL metadata
- Developed an affiliation-matching pipeline covering Taiwan-based universities and Academia Sinica; delivered analysis-ready datasets within approximately two weeks, resolving a months-long data-collection bottleneck

Leadership & Teaching

President, Mathematics Information Technology Club, NCCU

Sep. 2019 - Jan. 2023

- Delivered biweekly machine-learning and statistics sessions to approximately 20 students and organized a university-wide event attended by 60 participants

Skills

Programming & Quantitative Methods: Python (pandas, statsmodels, scikit-learn), R, Stata, MATLAB, SAS, $\text{\LaTeX}$
Languages Mandarin (native), English (fluent)
